2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The GSF Metropolitan District No. 1 (“the District”), a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by order and decree of the District Court for the City of Colorado Springs, El Paso County, Colorado on May 12, 2021, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Service Plan approved by the City on March 23, 2021.

The District was organized to provide for the planning, design, acquisition, construction, installation, relocation, and redevelopment of public improvements. The District is one of the Financing Districts organized in conjunction with two other related Districts – GSF Business Improvement District and GSF Metropolitan District No. 2. GSF Business Improvement District serves as the Operating District which will pay all vendors of and receive reimbursement/contributions from the Financing Districts. All other Districts are the Financing Districts which will levy ad valorem taxes on taxable properties within each District and assess fees, rates and other charges as authorized by law. The District’s service area is located entirely within the City of Colorado Springs, El Paso County, Colorado.

Pursuant to the Service Plan approved by the City, the District is permitted to issue bond indebtedness of up to \$83,100,000. In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District’s service area, however, as of the date of this budget, the amount and timing of any debt issuances is not determinable.

Pursuant to the District’s Service Plan approved by the City, the maximum debt mill levy is 30 mills, and the maximum operating mill levy for the payment of administrative, operations and maintenance expense is 10 mills.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting, in accordance with requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District’s Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer’s election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues – (continued)

Property Taxes – (continued)

The calculation of property taxes is reflected on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

For property tax collection year 2024, SB22-238 and SB23B-001 set the assessment rates and actual value reductions as follows:

Category	Rate		Category	Rate	Actual Value Reduction	Amount
Single-Family Residential	6.70%		Agricultural Land	26.40%	Single-Family Residential	\$55,000
Multi-Family Residential	6.70%		Renewable Energy Land	26.40%	Multi-Family Residential	\$55,000
Commercial	27.90%		Vacant Land	27.90%	Commercial	\$30,000
Industrial	27.90%		Personal Property	27.90%	Industrial	\$30,000
Lodging	27.90%		State Assessed	27.90%	Lodging	\$30,000
			Oil & Gas Production	87.50%		

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District’s share will be equal to approximately 10% of the property taxes collected.

Expenditures

County Treasurer’s Fees

County Treasurer’s fees have been computed at 1.5% of property tax collections.

Intergovernmental expenditures – GSF Business Improvement District

Property taxes generated from the mills levied by the District for operations and maintenance, net of fees, are expected to be transferred to GSF Business Improvement District, the Operating District, which pays all administrative expenditures of the District.

Debt and Leases

The District has no operating or capital leases.

Reserves

Emergency Reserve

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of fiscal year spending. Since substantially all funds received by the District are transferred to GSF Business Improvement District, which pays for all the District's operations and maintenance costs, the Emergency Reserve for these funds is reflected in the budget of GSF Business Improvement District.
